Software:

Maya / 3ds max / UE5/ ZBrush/ Substance painter/ Houdini Fx/ Vray / Arnold / Photoshop / After Effects/ DaVinci Resolve

Languages: Russian, Hebrew, English

EXPERIENCE

Freelance 3D artist

2024-2025 : 2024-2025: Created various 3D animations and developed Maya Python scripts to enhance workflow efficiency. Specialized in rigging and technical solutions to overcome production challenges while improving productivity and time management.

3D Generalist

2022-2024: Ein Hashofet Productions, Kibbutz Ein Hashofet, Israel

As a 3D Generalist, I leveraged my diverse skillset across a wide range of projects, from technology and healthcare initiatives to security and defense, and instructional materials. Each assignment presented unique challenges, technologies, and requirements, demanding adaptability and creative problem-solving. Converting and cleaning of CAD models into optimized 3d meshes actively seeking out and implementing modern technologies like "real time rendering" I was able to optimize workflows, enhance the 3D pipeline and save precious time for the company.

Freelance graphic designer

2017- 2021: branding: logos, adds, posters, promotions, and more at studio "Train Station", Haifa

Freelance music composer & producer

2015-2018: owner of YouTube channel "K-Fare Productions" creating score music for various animation projects that gained millions of views

channels I worked with: Mastar Media, Merimo, Audi Loki, The Notorious Luke

Military Serves

2006-2009: serving in the IDF at the Israeli Navy, on a fast missile boat.

During this period, I had the honor of receiving the Admiral Certificate of Excellence. This experience not only provided me with valuable skills in leadership and teamwork but also instilled in me a strong sense of discipline and responsibility.
